>> Hello Stewart! Thanks for getting back with us. Ron Bergman at EPA HQ has directed Michael Overbay of Region 6 to attend the event and cover some of the EPA perspectives. If you have information about the EPA Enforcement Initiative that can be communicated through Mr. Overbay, I hope you will work this him. His e-mail is included above.

>> Hi Ben,

>>

>> As we discussed, I am able to talk about the study in the fall, but not July, as proposed below. I think that this email may have taken a long time to get through. Recommend you contact OW/OGWDW for a potential speaker on regulatory work. I am not aware of any new EPA enforcement initiatives. There was one that started several years ago, but it may be wrapping up.
